Dental Plan for children (4 -18 years old)- April 2024: Your Questions answered

We have partnered with Denplan, the UK's leading provider of dental payment plans and introduced a dental plan for children that helps families spread the cost of preventive care.

What is included in the Children's dental plan?

- Six monthly check up (two per year)
- Preventive fluoride application (two per year)
- Check-up x-rays (as required)
- 10% discount on any additional treatment fees

Add Denplan Supplementary Insurance for 60p/ month if you want:

- 24/7 access to Denplan's helpline for out of hours care & advice.
- Worldwide dental emergency and injury cover.

Direct debit or annual payments?

- Most of our patients prefer the convenience of paying by monthly direct debit.
- If you prefer, you can pay in one single annual payment.

How soon after joining can I get 10% discounted fees?

- Your 10% discount applies from the day you join.

FREE Check ups for Children 0-3 years old

- When one parent is a Denplan member and the child attends at the same time. If a separate appointment is required, the check up fee is £30.

Emergency care out of hours*

You can call 24/7 Emergency Helpline team on **0800 844 999**. Denplan are here to support you whenever you need it, providing advice on the best course of action. If calling from outside the UK +44 1962 844999. *This is an optional benefit.
